

WORKSITE SAFETY

IN CASE OF EMERGENCY, contact an Amor rep immediately. (i.e. theft, injury, accident)

NO POWER TOOLS! The only exception to this rule is a battery-powered drill for the door.

Be off the worksites by 5:30pm during daylight savings time (after early March) and by 4pm after daylight savings time (after early November).

DO NOT PLAY WITH ANIMALS! If someone is bitten, apply necessary first aid and contact an Amor rep immediately. If it is safe, keep track of where the animal goes.

NO SMOKING OR VAPING on the worksite.

Follow all posted speed limits and do not exceed 15 mph in the communities you are building.

Each person should drink around 2 gallons each day. If you have a dehydrated group member, have them drink small amounts of water slowly, put them in the shade and contact an Amor rep. The first signs of dehydration are normally headaches and nausea.

Be aware of yourself and those around you while working with tools and lumber. Take your time and work smart.

Wear gloves when handling cement. Protect your skin from chemical burns.

You must wear long pants on the worksite. If you are not, you will be asked to return to camp to put long pants on.

LOCK YOUR VEHICLES AT ALL TIMES. Park as close to your worksite as possible. Do not leave bags or valuables lying in plain view.

When dialing from Mexico: 001-(area code)-number

Amor's Emergency Line: 001-619-662-1200 x2
